# Our History

Alpha Kappa Psi is the oldest and largest professional business fraternity in the world. Founded in 1904, Alpha Kappa Psi was built on the principles of educating its members to appreciate and demand higher ideals in business and to further their individual welfare. Today, Alpha Kappa Psi has grown to a network of over 240,000 national members.

The Pi Tau Chapter at Stanford University was established in 1999. The founding members felt a need to establish an organization that stressed the bonds of brotherhood as well as professional business skills. Since then, the chapter has grown in membership and renown to become one of the premier business organizations at Stanford University. The chapter's rapid growth and development is attributed to the drive and passion of its members for creating an organization that develops its members while providing a professional education for the greater campus community.
